

Dear Speedskating Enthusiast;

We are proud to present our first product guide. After years of requests, you can now learn about Speedskating Products in the convenience of your home.

Our staff of experts are on hand to help you with your questions on our fine products. Also feel free to call us about the Lake Placid ice conditions, schedules or the weather, (or call O.R.D.A. locally 523-1655, or N.Y.S 1-800-462-6236 or Eastern U.S. 1-800-255-5515, or the Lake Placid Chamber of Commerce 1-518-523-2445).

If you have never tried speedskating, come and experience the smooth rhythmic movements of the sport by renting or purchasing skates from us. We will give some pointers to get you started or arrange lessons. You may skate on the oval or on beautiful Mirror Lake rink, both located in the middle of town.

This is an exciting year for speedskating in the U.S. The World Championships will be held in Lake Placid, January 24-25, 1987. Make plans now to come and see world class speedskaters in action and stop by our shop. Also, January 3 and 4 are the Annual Woodside/Dorp Outdoor Speedskating Championships and January 31 - February 1 are Senior Olympics. Also, look for a Winter Triathlon (X-C Skiing, Snowshoe and Speedskating).

We hope that you enjoy our catalog. Suggestions or requests for other items are always honored and welcome.

Sincerely,

Brian R. Delaney

Speed Skates

DACRON, is individually tailored from the mold. High cut boot with a notch in the lacing pattern to provide a maximum forward-backward flexibility. Piece of leather covering the lacing increases water-proofing. LABERGE/SLM blades with eccentric tubes are mounted on adjustable offset cups.

We act as an agent for LaBerge. We do the foot impressions here at our shop and carefully send the foot impressions to the factory so your skates will be custom made.

PRICE- (Varies according to Canadian exchange) approximately. **\$600.00**
Minimum delivery date 12 weeks.

LaROUGE SKATE

Similar to the LaBerge Custom but sized in stock with European sizing 36-46. Send us your size and foot tracing. ~~220.00~~ 359.99

BALLENGRUD

The Ballengrud brand of skates are now also assembled by LaBerge.

Full leather lined boot from Europe, low cut design. Canadian made VING/ST. LAWRENCE blade. Sizes 35-46.

Thick blade (for training). **\$200.00**

Thin blade (for racing). **\$245.00**

BALLENGRUD AERO

Same boot as above but with a leather lace cover and a high quality competition blade. Sizes 38-46.

Thick blade. **\$260.00**

Thin blade. **\$300.00**

Leather lined upper. Basic quality steel blade. Sizes 31-46. **\$99.00**

Allow 8 weeks delivery with skates from LaBerge -
Thanks!

We have an excellent supply of the old and new reliable Planert skates, including some Planert Specials. We also have used skates available for sale or rentals. Try them out on the speedskating oval your next visit to Lake Placid. We have in stock models 3100, 4100, 5100, and 6100 (beginner, pleasure and racing models). They will

Did you know, the approximately 90 % of the present world-top, (the American, Norwegian and Russian skaters included), skate on VIKING skates? That all Worldtitles and records have been made on VIKING skates? And last but not least; the Marathon-top skaters use VIKING .

VIKING

VIKING SPECIAL THE CHOICE OF CHAMPIONS!

The skate on which were made all worldtitles and records. The weight of the kangaroo-leather shoe is plus/minus 70gr. less than the VIKING - 1 shoe. From the steel, (a bi-metal), the lowest part of 5mm. has a hardness of plus/minus 63 Rockwell. The structure of the steel is very fine, so that it can be polished smoother and retains its sharpness for a long period of time.

459 99

VIKING SPRINT SPECIAL

The boot is the same, but the blade is higher and more brittle for short bursts of energy required in sprinting events.

429 99

VIKING I THE IDEAL SKATE FOR TRIPS ON BAD ICE.

The shoe is heavier than the "special" shoe, but also much stronger. Steel all hardened plus/minus 62 Rockwell.

329 99

VIKING -II AN EXCELLENT BEGINNER TO INTERMEDIATE SKATE

A very strong skate. The steel has been spotwelded and soldered. First-class leather shoe.

149 99

VIKING JUNIORS SIMILAR TO VIKING - II

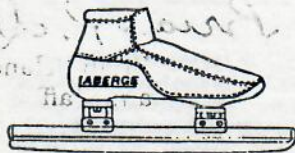

Sizes 26-34 or (Child's 8-13 \$ 1-4).

149 99

SIZES: European 35-48. State your American size and European size (if known). Skates are to fit tightly with one thin sock.

WE RECOMMEND: RUNIQUE SOCKS. (SEE CLOTHING SECTION).

LABERGE
THE CHAMPIONS CHOICE

Canadian Made by Master Skate Builder Raymond LaBerge

LABERGE CUSTOM

The most performing indoor speed skate. Completely molded to your foot from a plaster mold. Made from the best materials: sole part made of fiberglass (KEVLAR/EPOXY), upper part of leather, KEVLAR,
